3 - 3A 4 - 15

These are conceptual roadway plans developed under the Monroe County Roadway Vulnerability Analysis project for planning purposes. The analysis considered the NOAA 2017 (Intermediate-High) Sea Level Rise and King Tide Projections for a target year of 2045. A pump station parcel will be required and identified in the design phase. The recommended roadway elevation projects depicted and perceived drainage structure locations and layout shown are subject to change throughout the execution of the engineering design phase. These conceptual roadway plans cannot be relied upon for any other purpose by any third party.

Conceptual Plans not to be used for construction.

PROJECT AREA #42
SUMMERLAND KEY
SUBDIVISIONS:
SUMMERLAND KEY COVE AMENDED / SUMMERLAND KEY COVE
1ST & 3RD ADDITIONS / SUMMERLAND ESTATES RESUBDIVISION NO. 2
